General Provisions

The definitions, limitations and exclusions of this HUMANIA ASSURANCE – INSURANCE WITHOUT MEDICAL EXAM Critical Illness Coverage apply in addition to those indicated in the General Provisions of the *policy*.

Part C – General Provisions

Effective Date

This p*olicy* takes effect on the date the *Insurer* approves the application, provided the application is approved without change, the first premium has been paid, and no change has occurred in the *person insured*'s insurability since signing the application.

Premiums

The premium is guaranteed for the (10 ou 20 years, as per Owner's application) period indicated in the Schedule of Benefits. At the end of that (10 ou 20 years, as per Owner's application) period and every (10 ou 20 years, as per Owner's application) period thereafter, the premium will be adjusted to reflect the person insured's attained age, the person insured original risk class and the premium rates applicable at that date. The new premium will also be guaranteed for a period of (10 ou 20 years, as per Owner's application).

Method of Payment

The premium is payable monthly by pre-authorized debit or yearly, at the choice of the *owner*. Where a cheque or other bill of exchange or a promissory note or other written promise to pay is given for the whole or part of a premium and payment is not made according to its tenor, the premium or part thereof shall be deemed never to have been paid.

Age

For the purposes of this p*olicy*, the *person insured*'s age is his or her attained age at the birthday preceding or coincident with the issuance of coverage. If, mistakenly or otherwise, the age used to calculate the premium is incorrect, any amount payable by the *Insurer* at the time of a claim will be adjusted to reflect the correct age at the date on which the *person insured* became insured.

Non-Participating *Policy*

This *policy* is non-participating and does not confer any right to participate in the profits of the *Insurer*.

Diagnosis in Canada

The diagnosis of *a covered critical illness* must be made by a *specialist* licensed to practice in Canada and must be confirmed by customary modern investigation techniques appropriate to that *illness* at the time of claim.

Diagnosis outside Canada

When a *covered critical illness* is diagnosed outside Canada by a *specialist* practicing in a jurisdiction deemed acceptable by the *Insurer*, the benefit will be paid provided all the following conditions are met:

a) the *Insurer* has received all medical records;

b) based on the medical records received, the *Insurer* is certain that:

   i) the same diagnosis would have been made had the critical illness or accident been diagnosed by a duly licensed *specialist* practicing in Canada;

i) the same treatment would have been prescribed in accordance with Canadian standards; and

ii) the same treatment, including any necessary surgery, would have been prescribed had the treatment been administered in Canada.

Disclosure

Each of the *person insured*, the *owner* and the b*eneficiary* are required to cooperate fully with the *Insurer* and shall disclose to the *Insurer* in the application, during a medical examination, if any, and in any written statements or answers furnished as evidence of insurability, every fact within the person's knowledge that is material to the insurance and is not so disclosed by the other such person. The *person Insured*, the *owner* and the b*eneficiary* shall also sign any form or other document allowing the *Insurer* to obtain any information it deems relevant to this insurance coverage.

Subject to the provisions of this *policy* dealing with incontestability and age, where one or more of the *person insured*, the *owner,* and the *beneficiary* fails to disclose such a material fact or misrepresents such a material fact, the contract is voidable by the *Insurer."*

Incontestability

Where coverage has been in effect continuously for two (2) years with respect to the person insured, failure to disclose or misrepresentation of a fact with respect to that person does not, except in case of fraud, render the coverage voidable.

However, this rule does not apply to a claim for a covered critical illness whose first signs and symptoms appear before the coverage has been in effect for two (2) years with respect to the person for whom the claim is made.

Misrepresentation Concerning Smoking Habits

If the premium for this *policy* is based on statements in the application for insurance to the effect that the *person insured* does not use tobacco in any form whatsoever, including nicotine substitutes, nicotine products, vapor or electronic cigarette, and those statements are in fact false, they will be considered fraudulent and this *policy* will be void from the effective date.

Accordingly, any claim paid by the *Insurer* will have to be reimbursed.

Termination of *Policy* and Coverage

Unless stipulated otherwise under a given coverage, this *policy* and coverage will terminate on the earliest of the following dates:

- the date on which the *Insurer* receives a written request from the *owner* to cancel this *policy*;
- the date on which the grace period for any premium payment expires;
- the date on which the person insured suffers, within (12 or 24 months, as per Person Insured's rating) after the effective date, from a critical *illness* resulting from a *pre-existing condition*;
- the date on which a benefit is paid under the critical illness insurance coverage;
- the *policy* anniversary date on which the *person insured* has reached the *insurance age* of sixty-five (65);

- the date on which the *person insured* dies.

Change of *Beneficiary*

Subject to the legislation governing this policy, the *owner* may at any time designate, change or revoke a *beneficiary*. For a change of *beneficiary* to be recognized, the *Insurer* must receive written notice of the change. The *Insurer* bears no responsibility with respect to the validity of a *beneficiary* designation or any change of *beneficiary*.

Payment under the *Policy*

Benefits are payable to the *person insured* unless notification to the contrary is submitted in writing to the *Insurer*.

Reimbursement

No cheque in reimbursement of premiums will be issued for amounts of less than twenty dollars ($20).

Legal Currency

Any payment under the provisions of this *policy* will be made in the lawful currency of Canada.

Right to Cancel

The *owner* may have this *policy* cancelled within fifteen (15) days of the date of its receipt or within sixty (60) days after the date on which the *policy* is issued. A written cancellation request must be received by the *insurer* within this time period. Any premiums paid for the *policy* will then be refunded.

Compliance with the Law

Any provision of this *policy* that, on the effective date, does not comply with the applicable legislation in the province or territory in which the *policy* was issued will be amended so as to meet the minimum requirements of that legislation.

General Provisions

The exclusions, limitations and general provisions apply to the *policy* as well as to all coverages when they are relevant.

Certain coverages contain exclusions and limitations specific to them. Those exclusions and limitations apply in addition to the exclusions and limitations set out in the General Provisions.
